N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty* the candidates that selected that centre must be prepared to proceed, at their own expense to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Indian State selects a centre in another Indian State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, in that they may have an opportunity of

disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

5. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the commissioner will be prepared to arrange for the holding of the *Written* examinations in any of the subjects mentioned at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 15th August. Ordinarily, however only one place will be constituted a centre for each district.

5. The Oral and Practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examinations, candidates are recommended to refer to Part I-B of the *Fort St. George Gazette* from time to time.

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that there institution has been recognised by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up library of the Technical Examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9 Each candidate must, wherever the syllabus requires it, submit, before the 31*st August*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works". Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to recommend to the Director of Public Instruction or to the Director of Industries the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawing, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also on the outside of each roll for each subject each candidate should enter the following particulars in ink*:—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they may reach the Commissioner's office on or before the 31st August, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject as admit of it should specify in column 6 of his application the language (e.g., Tamil, Telugu, Malayalam and Kanarese) through the medium of which he wishes to be examined.

11. Candidates in the mufussil should obtain the required application forms from the treasury of the taluk in which they are residents or of the district to which they belong. Candidates in Mysore and Hyderabad States should obtain the same from the Resident's Treasury; those in Travancore, Cochin and Pudukkottai States from the Agent's Treasury, Trivandrum; and those in Coorg from the Commissioner of Coorg, Mercara. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Cathedral Post Office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufussil requesting to be supplied with application forms from the office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Lower.	Higher.
	Rs.	Rs.
For each subject ..	6	12

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fee be received in the Commissioner's office whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

14. In submitting an application for admission to any examination the candidate will be deemed to have given an undertaking that he will abide by all the rules now in force or those to be brought into effect hereafter in respect of that examination including the following :—No revaluation of answer papers is permissible.

15. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Cathedral P.O. (Madras).

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post-card to their respective applications.* The post-cards should bear the sender's address only, and no other writing. Such post-cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

16. Candidates should write their names, their father's name and their house names *distinctly* and *in full* in their applications and give their *address in full* also; if 'Other Hindus' they should state in column 3 of their applications whether they are 'Non Brahmin Caste Hindus,' 'Adi Dravidas' or 'Adi Andhras'. Applications defective in any particular will be returned.

NOTE.—The occupation or profession of candidates or the appointments held by them should invariably be stated in full in column 10 of their applications.

17. *The fee paid will, on no care whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fee, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

18. Subject to any change that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of time and subjects shown in the following table.

NOTE.—Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same hour on the same day in the table below, or for more than one grade of examination in the same subject in the same year.

STATEMENT OF OBJECTS AND REASONS.

In view of the obligations undertaken by the Government of India by ratifying the Geneva Dangerous Drugs Convention, 1925, and the existing confusion of the laws governing the traffic in dangerous drugs in British India, it has become necessary to enact a Central Dangerous Drugs Act. The obligations that have been undertaken

by the Central Government are two-fold; firstly, in regard to the regulation of international traffic in all the drugs covered by the Convention, and, secondly, in regard to the regulation of the manufacture of, and internal traffic in, certain specified drugs, such as cocaine and morphine.

2 The subject matter of the Bill is one that, under the Devolution Rules, is partly provincial, but the Local Governments have assented to the passing of Central legislation on the subject in view of the special advantages of such legislation in the circumstances. In addition to centralising and vesting in the Governor General in Council the control of certain operations relating to dangerous drugs, the proposed Bill renders uniform, and in some cases increases, the penalties for certain offences relating to dangerous drugs.
